WILD BILL AND HIS MONEY.

The Man Who Got Away With Part of the Bundle is Arrested His Name is A. P. Carney.

Special to the Gazette.

Honey Grove, Fansix County, Tex., July 7.—A man named W. A. Wheeler, and going by the self-adopted name of Wild ill, either for effect or through mental cakness, has been making this vicinity adquarters for the past year. He dressed as near as possible to the costume adopted by the dime novelists for their heroes. At times he would show insanity, and again would by his actions and sayings mystify the officials. Finally to get rid of him he was locked up for language not becoming a citizen in the presence of ladies. He had when arcested \$2.7, which the officers refurned to him to-day at his release. He started for Windom on foot. Not very far from town he encountered a stranger, who

from town he encountered a stranger, who agreed to be his companion, in the shape of a person whose appearance denoted a wayward disposition, by the name of A. P. Carney, at least under that name he had been stopping at the Yeager house here for about ten days. The above named person is low, heavy set, black moustashe of about thirty-three years of age. This person offered Wild Bill a bottle of whisky, which evidently had been drugged. This person offered Wild Bill a bottle of whisky, which evidently had been drugged, for in a very few minutes. Wild Bill was in happy dreamland, but awoke to find that he had been robbed of all of his gold. His clothes were cut and his pistol was gone with the money. However he had a roll of paper money left amounting to \$89. He met Mr. Fettin of this city to whom he told his story, and evidence of the section hands on the Texas and Pacific corrobousts his statements. Officers here and a rates his statements. Officers here and at Bonham are making an effort to overtake he highwayman.

the highwayman.

Later-Carney returned to town and to
the hotel, thinking that in that manner he
could aliny suspicion. City Marshal Larrison, however, made the arrest, recovered the money and lodged the gentleman in the calaboose—and Wild Bill is once more

cool during warm weather, but paradoxical as it may seem, it is a question of ice that caused a great many people to "boil" yesterday. The advance of the price of this article from ½ to I cent per pound, retail, has worked a storm of indignation, and indefine from remarks made vesterday, will judging from remarks made vesterday, will have the effect of largely increasing the earnings of the Dallas factories. Clubs are being formed to purchase tee in Dallas by

However, it was given out by the pack-ing-house people vesterday that they would furnish ice at retail at 40 cents a hundred liver it to residences at the rate of 50 cents per hundred pounds. As it is understood ice can be manufactured at a cost not exceeding 10 cents per hundred pounds, there seems little reason for the advance other than a desire on the part of the manufac-

To the Gazette: People are becoming very tired of "trusts," which tend to advance the price of the necessities of life. The ice dealers of Fort Worth, who are the latest to organize themselves into a trust, have stirred up a hornet's nest in other localities besides the South Side, which you refer to in yes-terday's GAZETTE. The writer has heard of several consumers who are anxious to join a club to send over to Dallas for ice.
As long as people submit to the dictates of rusts just so long will they exist. The people should rise as one man and positively refuse to buy ice from those who are in the rust. Crush out all trusts or pools and let the legitimate channels of competition flow onward and regulate prices, according to supply and demand. Trusts of all kinds whereby prices are advanced should be frowned down upon, and the people can do so if they will commence with the ice A CONSUMER.

W. B. Stevens of St. Louis, Mo., was in the city yesterday.

Mr. Stevens has charge of the St. Louis Globe-Democrat's bureau of information in Washington. D. C. He is considered one of the brightest of the many brainy men who act as correspondents at Washington for the leading daily papers of the United States. He is making a tour of the state and enjoying a season of rest during the adjournment of congress. He was piloted over the city yesterday by W. S. Decker, who showed him the packing house, brewery, Arlington Heights, Riverside and other places of interest, winding up with a dinner served in the usual style at the Elks'

harm.

When asked by The Gazette man what he thought of Fort Worth he said:

"I have been here before, but not for three years. Your growth has been wonderful, but when I stop and look at the packing house and manufacturing enterprises you have in operation, I can see why it is, and why you will continue to grow. The people have the correct idea in regard to building cities. Start manufactories; they are what build cities. Mr. Decker and myself have just returned from a visit to the packing house, where I had the pleasure of meeting Col. J. R. Hoxie, and I had a long and interesting conversa-tion with him. A man can learn a great deal about the past, present and future of Texas from him.

The School Board Election. The result of the school board meeting resterday in so far as it related to the election of Professor P. M. White as superintendent was not wholly a surprise, as it was expected, for the reason that a majority of the board personally preferred him, and it was almost purely an expression of per-sonal preference. It could not have been otherwise, for Professor Carlisle's adminis-

upon the success of the schools. As an edu cator he has no superiors and but few equals, and wherever his lot may be east he will be an a quisition to the educational in-

terests of the locality he makes his home.

"The Brilliant in the Coronet of the Great Southwest" is the title of a very handsome little pamphlet of thirty-five pages just issued by the Chamberlin investment company. It contains a vast amount of information about the city, compassed in the smallest nossible since.

amount of information about the city, com-passed in the smallest possible space. Among other things it says of Fort Worth's progress and material wealth:

The finest and best equipped high school building in the state, completed in 1890.

The new and imposing board of trade building, completed at a cost of \$106,000. The eight-story Hurley office building ost \$150,000.

The Martin-Brown six-story building

was completed during 1890.

The five-story Hendricks building in course of construction, will be one of the handsomest in the state.

The four-story brick and stone Natatorium building has been finished at a cost of 805,000. It is fitted up with clegant would baths, swimming, pool. Turkish

narble baths, swimming pool, Turkish baths, etc.

A new and handsome city ball will be

A new and nanosome chy ban win be built at once, at a cost of \$125,000.

The United States government building will be commenced during 1891. An appropriation of \$175,000 was made at the last session of congress, and the ground for its location has been secured.

There are two deliver exymptors the Fort There are two daily newspapers, the Fort Worth Gazette, a morning paper, and the Evening Mail. Fort Worth has seventeen churches, some

of which are patterns of the most modern style of church architecture; thirty-seven miles of street-car lines, fifty-eight miles of sewerage and sixty-seven miles of macad-amized streets; two electric light works. The city owns the waterworks. It is estimated that \$2,000,000 will be ex-

pended during the current year for improve ments in Fort Worth. The bank clearances of Fort Worth have increased in such a remarkable manner dur-ing the past year as to attract general at-tention in commercial circles. Special dispatches to the Boston Post from the man-agers of the leading clearing houses of the United States and Canada, showing gross United States and Canada, showing gross exchanges for the week at each point named, in comparison with the corresponding period of the previous year, are telegraphed to the Associaced Press newspapers throughout the country for publication each Monday. These algures indicate in a general way not only the volume of business that is being carried on at any given center where there is a clearing house, but also show nearly the actual candition of trade there. In this respect these

dition of trade there. In this respect these statements from the exchanges become a sort of commercial barometer. Fort Worth bank clearings were, for

Increase, \$35,178,631.37, or 55.6 per cent Fort Worth is the financial center of the great West and Northwest portion of Texas and has \$3,760,503.53 banking capital, which earns more than 12 per cent per annum.

The leading jobbing houses, as shown by
their statements of 1890, show a net profit
of from 20 to 30 per cent on their capital

In the County Court.

The criminal docket of the July term is now on in the county court and the courtroom is generally filled with an appreciative throng of listeners. The case of the State vs. Harry Chapman and Ben Abrams was concluded yesterday, and resulted in the release of the defendants. All the evidence tended to show that they had evidently intended to frighten Mr. Smith into purchasing their silence, but he checked them before they had hardly gone far enough to criminate themselves. Mr. Smith has the sympathy of all the citizens of the city and this is more especially the case as lative throng of listeners. The case of the city, and this is more especially the case as hundreds of people saw him at Arlington Heights on the night in question, and know he was not in any of the localities mentioned by these men that evening.

The case of the State vs. Charles Best, a negro, charged with stealing a ring from a soiled pigeon, was on trial yesterday after-

The Ladies' Orchestra.

The attendance at the performance of the adies' orchestra last night was very gratifying, and the programme was not only an interesting one but was exceptionally well rendered. As usual the solos of Miss Cave and Mr. Haynes were exceedingly well received, receiving an encore. Little Mrs. Newton surprised her admirers with her yearl solo and guitar recompositioner. It Newton surprised ner admirers with her vocal solo and guitar accompaniment. It was well taken, and the audience seemed loath to allow her to cease. Miss Watson and her cornet solo were also encored, and taken all in all, the entire programme seemed to have "caught" the music-loving people of the city. people of the city.

Among the Lodges.

This evening Fort Worth lodge No. 148.
Ancient Free and Accepted Masons, will hold a called communication for work in the Master's degree. The work of this degree is always of absorbing interest to all Master Masons, and the simple announcement that a candidate is to be raised is sufficient to nsure a good attendance.

This evening W. R. Gause Division No. 2, Uniformed Rank, Knights of Pythias, will meet for drill. A full attendance of all Sir Knights is requested, and all visiting Sir Knights in good standing are invited to attend.

To Study at Boston.

Miss Izora Williams, principal of the mu-sical department, and teacher in theory and harmony in Fort Worth university, left last evening for Boston, Mass., to study during July and August with eminent artists in her profession. She will return in time for the opening of the autumn term. Miss Etta Hendrick of the same department, teacher of voice culture, is visiting at Aransas Pass.

Gone to New England. F. O. Barron, treasurer of the Texas mortgage and loan company, and of the Fort Worth land and investment company,

left for Vermont Sunday. He sails from Galveston to-day on the steamer Concho. Mr. Barron will spend the summer in New England, a part in Vermont, the rest in Northern Maine, where he expects to engage in the exciting sport of moose hunting

in of a sewer in which plaintiff was working on December 27, 1830. In his petition plaintiff alleges the caving of the banks was due to the negligence of the defendant in not providing lateral supports.

In the Forty-eighth district court G. H. Day filed suit vs. W. Z. Manchester, W. F. Lake, and D. F. White to recover the sum of \$1000 due on promissory note.

A Store full of

They will be hung and festooned from every direc-

tion---a sort of May pole to catch the breezes.

Attention, Elks. A very important meeting to-night, Wednesday, July 8. Business of vital im-portance to lodge will be considered. Every member of No. 124 should be present. W. M. LAWETON, Exalted Ruler.

fAttention, Ex-Confederates!

All members of R. E. Lee camp and all other ex-Confederates are enriestly requested to meet at the courthouse in the city of Fort Worth, July 9, 1891, to make arrangements for the remaion of Ross', tor's and Granberry's brigades, which meet in Fort Worth, August II and 12. W. G. Veat, Captain Communing, John W. Freund, Adjutant.

At Arlington Heights.

At Arlington Heights.

A large crowd of people went out to Arlington Heights last night to enjoy the promenade around the handsomely illuminated grounds and boat riding on the sparkling waters of Lake Como while Professor Ault's military band discoursed sweet music. The cars gave good service and were run at intervals sufficiently frequent to thoroughly accommodate all who designed to thoroughly accommodate all who desired to attend. These concerts are proving a strong attraction to the people of the city, specially the younger portion.

Around the Jail.

Lloyd Ginter was arrested and lodged in ail. He is charged with the theft of a diamond pin.

Deputy Marshal Skelton of Plano arrived in the city yesterday and took Tom Wagner, a negro, back with him. He is wanted for

a negro, back with min. He is wanted for jumping a fine.

Sheriff Sisk of Parker county was at the jail yesterday and took a white man named Price back to Parker county, where there are two cases pending against him.

Baptist Revival. A large crowd gathered at the Bethel tent last night, Dr. Baten preached a grand discourse on the judgment. Several professed religion and a change of heart, and a deep feeling prevailed in the congregation. The meetings grow, and great good will follow.

Meeting this morning at 9 o'clock. All Christians are invited to participate in the morning and evening services. Good seats, and plenty of fresh air and cool water. Dr. and pienty of freed air and cool water. Dr. Baten will preach again to night. His discourses are wonderfully full.

The Bethel and Young Men's Christian Association workers lead the 8 p. m. prayer and praise services, which last till 8-20.

FAVORED GRAHAM.

nd praise services, which last till 8:39

What Texas Town Can Boast of More Natural Advantages than the Progressive Town of Graham?-Read the Facts.

Railroads from any direction, through

Graham, would cross over coal and other minerals, which, through hot or cold, wet Graham, would cross over coal and other minerals, which, through hot or cold, wet or dry seasons, for all time, would reliably contribute to them and general local trades and business an onormous trade, compared to that from agriculture and livestock, which would fully qual that, their only resources for business along other lines. Moreover, state maps show Graham midway (of the Lamile distance) between the Texas and Pacific and For Worth and Denver railroads, and the central point of the circle (always the strong point—the hub,") formed by the meanest surrounding railroad towns—nine of them—each approximately sixty miles distant, whose thrift is more or less supported from Graham's legitimate trade. So great that, nevertheless it is a live town, which, being without and so remote from railroads considered, all passing strangers pronounce it the best and prettiest town in the state. With railroad advantage. Young county would treble its population within a year, and its agriculture and varied mineral resources would accordingly develope. Now, exclusing the segment Week Edwin 11 for would accordingly develope. Now, exclusive of the coming Rock Island," four railroads, or their fluished grade, range within from forty-one to fifty-saven miles, either of which could build here within four senths' time, their construction only confingent upon the sale of their bonds, a soon, and completed hereto, accovery of her legitimate should tion in a ertainly llas, and

her. So, home-seeker places for new busines healthy, beautiful, reliably tural and stock-raising of the equal of the best west amidst abundant, varied mi distant sixty miles towns, and from ninety o one to twenty miles from nearest cities exceptional favorable position ar tions to warrant a marvelous growth and progress in industrial and general business, and finally bound to take precedence, and lead all towns west of Fort Worth.

The Treacherous Kerosene Can. Special to the Gazette.

ABILENE, TAYLOR, COUNTY, TEX., July 7.—Claude, the young son of Rev. J. C. Wingo, pastor of the First Baptist church at this place, was very seriously if not fatally burned this evening at a late hour. He had poured an ant bed full of oil to burn out the pests and fired it, it seems, while still pouring on the oil. The can took fire and exploded with above results.
